

Alison and Sherry were very helpful, accomodating and adaptable to my learning style

Loved this location. Comfy chairs. Close to home.

I particularly liked how laid-back the course was.

It fit my style, and I liked Alison's teaching style.

I wouldn't suggest changing anything.

-Alison was great, she is entertaining and made it fun

-I know I will do good on the diploma because of this course
It was awesome!!!

Allison was a spectacular instructor. Everything is much clearer, and class was enjoyable the whole time.

Alison was a fantastic instructor! So enthusiastic, encouraging and eager to help me any-time I had questions.

I MADE SO MANY
FRIENDS!

• Loved Allison! ♥

Alison, was a great teacher. She made the review super enjoyable. I wasn't tempted to sleep at all.

Course: Pure Math 30 RTD Teacher: Alison

Instructor was well prepared and did a wonderful job.

I found the Math 30-1 Diploma prep course very helpful! The set-up of the review booklet was great with review and then questions. I found that since there was the option to work ahead I wasn't bored.

Thank-you

The class was very enjoyable and fun. The teacher (Mrs. Alison) is very funny and considerate. She speaks very clearly and covers all possible solutions for every question. I like how she reveals which concepts are useful and which are useless.

Course: math 30-1 RTD Teacher(s): Alison

I loved the environment that the class was in, it was entertaining and the course was taught really well. The classroom was very spacious and provided me with enough workspace. The location was perfect because it was easy access through Calgary transit or even by car.
