

→ Instructor was amazing, loved how he made you understand each topic rather than just memorize.

→ He explained topics in ways I haven't heard before and gave me a more clear understanding on everything.

* I'll definitely recommend this physics class to anyone! *

It was great! 😊

Course: Physics 30 RTD Teacher(s): Andrew Nugara

Thank you so much for this amazing exp. at this diploma prep. All the questions I had were clearly answered. All the concepts were covered; especially the concepts that my class did not go over.

I am so glad I took this course as I knew w/o it, I would have had a horrible time in the physics 30 diploma.

Thank you! 😊

Andrew was extremely enthusiastic and made the class very enjoyable. Great teacher also

- Gave lots of different examples of conceptual questions
- move through material not too slow but not too fast
- teacher seemed to know what he was talking about
- + I liked the fact that he told us what would most likely be on the diploma
