Really loved teacher

She taught us something, then made us feel comfortable to ask questions even if it is not on the same topic.

I really enjoyed this weekend, it's great to see a new perspective of writing and get new eyes to read your writing. I feel confident for my upcoming diploma!

I enjoyed Carolyn's energy and she was super helpful with any concerns or questions I had.

The review booklets are a great help

Mrs. Harrison's extra sheets she provided were extremely helpful

Mrs. Harrison was very energetic and made the course very interesting. I think that all the information that was provided to me will truly help me feel more prepared for my test.

It was great that breaks were provided and made sure I stayed on task. And she brought in snacks, that was awesome
