

Helped me a lot in remembering steps and how to do certain topics. Mr. Cawood also showed shortcuts in how to solve certain problems.

Thank you, this was a great review! I wouldn't change anything and I will be back for bio + physics ☺

I found this diploma prep to be very well done. I feel much more prepared and driven to study for this diploma. Mr. Cawood was very knowledgeable and helpful.

This was excellent. Soooo helpful!

Thank you so much ☺

Well worth the \$ and the time ☺

Charles is great

I really loved this diploma prep and felt like it helped me learn and understand a lot of things I didn't know or understand before. I would definitely recommend this program to anyone and I'd come back myself for other courses if needed. It was super worth it! 4 hours felt like 5 mins.
