Allstar course, Really enjoyed

I wish there was more classes to completely compensate for my teacher being an awful teacher but Kevin did a fantastic job preparing me to the best of his ability!

Instructor was very thorough with explaining each concept and helped me prepare better than I would have alone. Definitely would recommend this class to future students!

Thanks for the great review! Did all but one of my diploma preps with RTD (the one I didn't do I couldn't because the times didn't work for me) and I always have a great time. Social isn't the easiest course for me but this definitely helped!

Very helpful! Kinda wish it was longer for an even more comprehensive review. Kevin Heppell was a great teacher and is very informed on social studies and pulls out some jokes to pair with his enthusiasm.
