

I loved Mr. Ng, he was very good at explaining the concepts in a way that allowed me to get a different perspective.

Class was awesome, Mr. NG made the course enjoyable. I really enjoyed the prep course.

The weekend spent here taking this course was very well organized, and I would 100% recommend the prep courses to anyone.

Our instructor made sure to give appropriate breaks in between learning, and he was well prepared to help with any and all questions.
