

Course: Physics RTD Teacher(s): Sawchuk

What a great teacher! Always kept me engaged, adding in facts to help us remember. Best RTD course I've taken because of him!

Course: Physics 30 RTD Teacher(s): Mr. S.

This course has prepared me so much more for my exam. It has reduced my stress related to this exam in regards of being prepared. My physics teacher was not the greatest and was not very clear in his teaching. It all makes sense now. Thank you.

Course: PHYSICS 30 RTD Teacher(s): Mr. Sawchuk

Great value, teacher made it enjoyable and he knew his stuff.

Loved Mike! Great teacher, super helpful!!

I hope Mr. Mike Sawchuk can come to _____ to teach physics! He is way better than my physics teacher at school!.

It was really good. Mike was a really good teacher and helped me lots! Thanks

It was an incredibly helpful review session, we covered lots of material and I found it easy to follow for an upgrading student like myself, a long time after I've taken classes. Mike was great, presented info well and was approachable for questions.

Would highly recommend this course.

Mike was a big help & definitely made me feel more confident for the diploma.
