

Course: Science 30 RTD Teacher(s): Susie Sirman

I loved the prep and having another teacher into help for dubit was a great idea.

Good teachers and I was really impressed.

She was awesome!

↳ Wish she could teach me all year long!

Thanks so much! 😊

Great!! she was really nice and helpful.

I do not have any complaints I learned more from Mrs. Sirman than my own teacher. She was great at explaining things and provided extra help if you did not understand.

Mrs. Sirman was extremely helpful, overall it was a great course.

Susie was very knowledgeable and friendly. This course was very useful.

Honestly, I really liked the class. Sirman is a very intellectual teacher she really does know her stuff.

I would without a doubt recommend her to my friends for their dip prep.

She did a great job w/ explaining & I understood everything way better now. And she taught me more than what my teacher taught in a whole semester. GO Sirman!
