

# University of Lethbridge

## Class Location:

**University of Lethbridge**  
**LIBRARY BUILDING** (room 1050)  
4401 University Drive

**What Should I Bring?** All courses will include comprehensive review packages, and where applicable formula / data sheets, reference tables, etc. You may want to bring additional paper for any extra notes for those “extra long” examples. Where applicable, please bring your graphing calculator, thesaurus, (probably not to the same course), and other course supplies.

**What Can I Expect for Breaks?** Expect several 10-15 minute breaks, about every 70 minutes and where applicable a 50-minute lunch break. At RTD we know that effective learning requires mental breaks, so students can feel free to leave class whenever they need. We ask all students to please be mindful of others’ learning, and help us maintain a comfortable learning environment.

**What About Food?** I’m glad you asked. I can see I’m dealing with a real planner. The University has several vending machines to purchase snacks / beverages. There are no other food services on campus during evenings / weekends. Students should plan on bringing **snacks / lunch** for classes – don’t let an empty stomach affect your learning!

**Note:** Please confirm the location / start time at the schedule page of [www.rockthediploma.com](http://www.rockthediploma.com) the day before your class starts. In the event of any changes email notifications will be sent out. We look forward to helping you study – we hope you are as pumped as we are!
